

K9 EAR CLEANER

- ▶ Safe and effective aid in maintaining good ear hygiene
- ▶ Helps deodorize and clean odors associated with ears
- ▶ Designed for use after bathing or swimming

Functions

- Use To Dry Ear Canal
- Helps To Reduce Ear Odors

12 fl. oz.

Ingredients: Isopropyl Alcohol, Boric Acid, Gentian Violet.

Indications: Specially formulated solution to clean, dry, and deodorize the ear canal.

Directions for Use: Shake Well. Hold ear open. Pour solution into ear and fill canal. Put cotton ball into ear to absorb excess solution and prevent staining. Massage ear, then remove cotton ball. Repeat for other ear. If necessary, liquid can be applied directly to the cotton ball or cloth, then rubbed in ear.

- ▶ For severe problems, apply twice daily for 2 weeks, then once daily for one week.
- ▶ Always apply after swimming.
- ▶ For maintenance of healthy ears, use weekly.

Other Uses: Apply with cotton ball to toes and nail beds where excessive licking is a problem. May also be applied to hot spots and minor skin eruptions.

CAUTION: KEEP AWAY FROM CHILDREN. KEEP OUT OF EYES. WILL STAIN HAIR, CARPET, WALLS, AND CLOTHING.

MADE IN THE USA
